Light Plus V

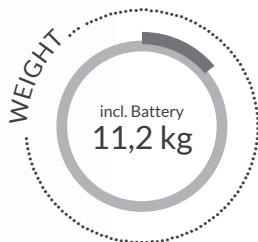

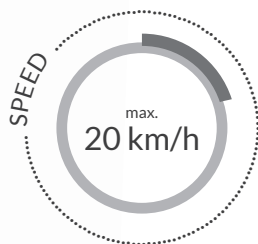

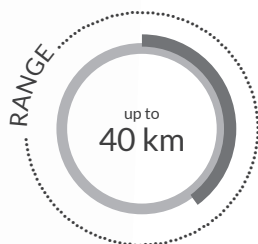

eKFV

Light Plus V eKFV

The **SXT Light Plus V** in the eKFV version is identical to the basic **SXT Light Plus V** model, apart from the technical modifications and the type test carried out.

DESCRIPTION

The **SXT Light Plus V eKFV** also has a drum brake on the rear axle. The battery, which is installed in the footboard, supplies 10.5 Ah of energy (378 Wh) at an operating voltage of 36 V - the cells installed in the lithium battery are high-quality Samsung 18650 cells. The battery is fully charged in around 3 hours.

This model meets all the requirements to become your new daily companion - be it the enormous range of up to 40 km or the powerful 500 W hub motor or the compact dimensions when the electric scooter is folded and stored in the boot or under the train seat.

The **SXT Light Plus V eKFV** has front and rear suspension, which contributes to a smooth ride. The scooter is fitted with 8-inch rubber tyres.

COLOURS

UBHI - UNIBLOCK HUMAN INTERFACE

SCOPE OF DELIVERY

SXT Light Plus V eKFV

Manual

Charger

ATTENTION: Minimum age 14 years - no helmet requirement, no driving licence requirement.
E-scooters require an insurance sticker as proof of existing insurance.

A young man with short, light-colored hair is sitting on a dark ledge, leaning against a brick wall. He is wearing a grey Nike sweatshirt and light blue jeans. To his left is a black SXT scooter. The scooter's handlebar has 'BUDDY V2' written on it. The scooter's frame has 'SXT' and 'SCOOTERS' written on it. The background is a brick wall with a window that has a metal mesh screen. The overall tone of the image is dark and moody.
